

PROFESSIONAL EXPERIENCE

Senior UI Designer - Just Eat (London, UK)

October 2016 - Present

Responsible for a full redesign of the global Just Eat Android app, working in close collaboration with the other platform-specific UI Designers and development to create a consistent UI and experience across platforms (Android/iOS/Web); including the creation of UI components/icons sticker sheets to optimise and speed up the design workflow and the creation of prototypes to showcase transitions.

Freelance UI Designer - eCommera (London, UK)

September 2016

A two week assignment to help their team design and finalise the UI for the rebranded responsive website of their client Berghaus.

UI Designer (Contract) - Tesco PLC (London, UK)

August 2015 - July 2016

At Tesco I supported the team responsible for the replatforming of their online grocery shopping website; continuing the work on their responsive redesign of both their international and UK localised websites.

Freelance UI Designer - The App Business (London, UK)

May 2015

For The App Business, I designed some final responsive webpages and created detailed design specifications.

Digital Designer - BSKyB (London, UK)

February 2013 - March 2015

I worked in the internal Sky Creative and e-Experience department where there was a strong collaboration between UX, Visual Design, Development and Business. I worked on the responsive design of the logged in area for Sky customers.

Digital Designer - MOvE Online (Rotterdam, The Netherlands)

February 2012 - September 2012

Starting as a graduate, I worked here for a while after I graduated. I designed a Facebook App for their clients (musicians), worked on various digital design assignments and built prototypes in HTML/CSS.

Interactive Designer - Pudding & The Proof (Rotterdam, The Netherlands)

September 2010 - April 2011

After a 6 month internship, I continued working here for a few months. I worked on a variety of projects: iPhone Apps, front-end responsive websites, a video storyboard, Flash banners, email templates. Clients I worked for: Samsung, De Kuyper, Unifiedroot, Drinkwijzer.info, KickXL, PeeQ.
