

PROFESSIONAL EXPERIENCE

Senior UI/Product Designer (Contract) - New Look (London, UK)

February 2019 - Present

Working on existing and new features for their iOS and Android apps and their design system.

Freelance UI/Product Designer - FiiT.tv (London, UK)

January 2019 - February 2019

Design of the Android version of their existing iOS fitness app and adding to their design library. The app allows you to follow fitness classes at home.

Freelance Senior UI Designer - BCG Digital Ventures (London, UK)

November 2018 - December 2018

Full UI design including UI transitions for one of their ventures. Details are under NDA.

Senior UI Designer - Just Eat (London, UK)

October 2016 - October 2018

Redesign of the global Just Eat Android and iOS app, working in close collaboration with the other UI and UX Designers and development to create a consistent UI and experience across Android/iOS/Web. Creation of UI sticker sheets to optimise and speed up the design workflow. Creation of prototypes to showcase transitions.

Freelance UI Designer - eCommera (London, UK)

September 2016

A two week assignment to help their team design and finalise the UI for the rebranded responsive website of their client Berghaus.

UI Designer (Contract) - Tesco PLC (London, UK)

August 2015 - July 2016

Supported the replatforming of their online grocery shopping website; continuing the work on their responsive redesign of both their international and UK localised websites.

Freelance UI Designer - The App Business (London, UK)

May 2015

For The App Business, I designed some final responsive webpages and created detailed design specifications.

Digital Designer - B SkyB (London, UK)

February 2013 - March 2015

Full redesign on responsive web of the logged in area for Sky customers. Contribute to UI guidelines.

Digital Designer - MOvE Online (Rotterdam, The Netherlands)

February 2012 - September 2012

Starting as a graduate, I worked here for a while after I graduated. I designed a Facebook App for their clients (musicians), worked on various digital design assignments and built prototypes in HTML/CSS.

Interactive Designer - Pudding & The Proof (Rotterdam, The Netherlands)

September 2010 - April 2011

After a 6 month internship, I continued working here. I worked on a variety of projects: iPhone Apps, responsive websites, a video storyboard, Flash banners, email templates. Some of the clients: Samsung, De Kuyper.
