PROFESSIONAL EXPERIENCE

John Lewis & Partners • Senior UI Designer London, UK
Contract • June 2019 - March 2021
Project in collaboration with Waitrose & Partners (NDA) and redesign of web pages.

New Look • Senior UI/Product Designer London, UK
Contract • February 2019 - May 2019
Existing and new features for their iOS and Android apps and updating their design system.

Fiit • Freelance UI/Product Designer London, UK
Freelance • January 2019 - February 2019
Design of the Android version of their existing iOS fitness app and adding to their design library. The app allows you to follow fitness classes at home.

BCG Digital Ventures • Freelance Senior UI Designer London, UK
Freelance • November 2018 - December 2018
Full UI design including UI transitions for one of their ventures. Details are under NDA.

Just Eat • Senior UI Designer London, UK
November 2016 - October 2018
Redesign of the global Just Eat Android and iOS app, working in close collaboration with the other UI and UX Designers and development to create a consistent UI and experience across Android/iOS/Web. Creation of UI sticker sheets to optimise and speed up the design workflow. Creation of prototypes to showcase transitions.

eCommera • Freelance UI Designer London, UK
Freelance • September 2016
A two week assignment to help their team design and finalise the UI for the rebranded responsive website of their client Berghaus.

Tesco PLC • UI Designer London, UK
Contract • August 2015 - July 2016
Supported the replatforming of their online grocery shopping website; continuing the work on their responsive redesign of both their international and UK localised websites.

The App Business • Freelance UI Designer London, UK
Freelance • May 2015
For The App Business, I designed some final responsive webpages and created detailed design specifications.

BSkyB • Digital Designer London, UK
Permanent • February 2013 - March 2015
Full redesign on responsive web of the logged in area for Sky customers. Contributing to UI guidelines.

MOvE Online • Digital Designer Rotterdam, The Netherlands
February 2012 - September 2012
Starting as a graduate, I worked here for a while after I graduated. I designed a Facebook App for their clients (musicians), worked on various digital design assignments and built prototypes in HTML/CSS.

Pudding & The Proof • Interactive Designer Rotterdam, The Netherlands
September 2010 - April 2011
After a 6 month internship, I continued working here. I worked on a variety of projects: iPhone Apps, responsive websites, a video storyboard, Flash banners, email templates. Some of the clients: Samsung, De Kuyper.
